- 13 different lighting modes let you set the perfect vibe

Rock up ready to party

- Easy control via speaker panel or our companion app
- Up to 10 hours play time and built-in carry handle

Highlights

120 W max (60 W RMS), Bass+

Love a good bassline? With its 8" woofer and our exclusive Bass+ technology, the bass on this party speaker will sound deep, rich, and full—even if you're listening at lower volumes while chilling out at the end of the night. You get 120 W max (60 W RMS) of bold sound, and two 2" tweeters mean vocals don't just sing, they soar.

Bluetooth® 6.0

Stream your playlists, plug in a USB drive, or go ahead and hook up your DJ decks or CD player via audio-in. If you're streaming tunes, Bluetooth® 6.0 brings you a faster, steadier connection for better sound quality that won't dip. It also gives you a wider range so you can control those playlists from practically anywhere in the party.

TWS and Auracast™ compatible

Want more? For a wider soundstage, you can pair with another TAX3000 speaker via True Wireless Stereo (TWS). For bigger events or the ultimate house party, you can broadcast the tunes to as many Auracast™ compatible speakers as you could ever need! Send the beats around the house or create a wall of sound in one room.

Mic inputs and stands

There's nothing like a karaoke session or even some impromptu club vocals for bringing everyone together. This party speaker comes equipped with two mic inputs: you can control the respective mic volume using physical controls on the speaker panel, or our companion app. There are two mic stands built in the back of the product and can be pulled out to hold the mics when the mics are not in use.

Beat-synced party lights

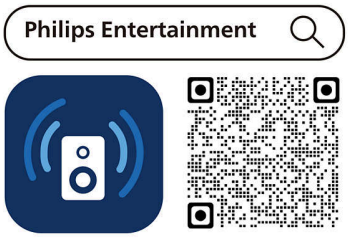

When the tunes are pumping, a rainbow of colorful RGB LED lights shimmer and pulse on the surface of this speaker's woofer. With 13 light-effect modes to choose from, you get to set the perfect vibe: simply press the light button on the speaker panel or use our companion app to get the lightshow started.

Up to 10 hours play time

Rock up ready to party all night! The built-in carry handle makes it easy to take this party speaker with you, and the rechargeable battery gives you up to 10 hours play time from a full charge. Recharging the battery fully takes approximately 3.5 hours.

Easy control

You can take control of the volume, lights, and karaoke effects via the speaker panel—or use the Philips Entertainment app, which also lets you fine-tune bass and treble frequencies. Want to keep the neighbors happy? You can turn Bass+ off and scale back the bass via our app or the Bass+ button on the speaker.

Specifications

Sound
Output power (RMS): 60W
Sound enhancement: Bass+
Frequency response: 20Hz - 20kHz, ±3dB
