

ThinkPad L14 Gen 4 (Intel)

Built for professionals who demand powerful and high-performance computing – the laptop powered by Intel U Series or 13th Gen Intel U or P Series Core i7 Processor can be considered. Support of optional Wi-Fi 6E ensures a connected experience allowing users to synchronize and send files while they are on the move; while up to 63Wh battery means users can stay unplugged without worrying about plugging the device.

Configured with up to 64GB DDR4 memory and up to 2TB SSD storage means business professionals can manage programs or applications and store large files at the same time without slowing the device down.

Dolby Audio 2W dual speakers and dual-array microphones help to collaborate on calls effectively. An optional FHD 1080p camera with a privacy shutter helps users to stay private whenever needed.

EPEAT Gold and ENERGY STAR 8.0 certification makes it an energy-efficient device and helps reduce its carbon footprint.

Lenovo devices that are a class apart

The mid-range ThinkPad L Series offers enterprise docking, enhanced security features and optional remote management capabilities.

Lenovo services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..
