

# LINKSYS™

Wireless-N Range Extender

Dual-Band  
Wireless-N  
Range Extender  
RE2000

Extend the range of your existing wireless network and connect wired devices to your wireless network. Connect wired devices such as a smart TV or Blu-ray player to your wireless network through the built-in Ethernet port.

#### Key features\*

- Compatible with b/g/n Wi-Fi devices
- Recommends the ideal placement distance during setup to help achieve optimal coverage and performance
- Built-in Ethernet port to connect wired devices
- Connects to the wall socket directly or can be placed flexibly by connecting the 1.5m power extension cable

#### Broad compatibility

The Linksys RE2000 works with all a/ b/g/n Wi-Fi devices so you can connect all of the computers and devices around your home. For best performance, pair with any Wireless-N Dual Band router.

#### Flexible placement

Wall outlet or desktop placement options help you to optimise the location and position of your RE2000 to achieve the best possible range and performance.

#### Selectable Dual-Band

Works in your choice of 2.4 or 5 GHz radio bands to minimize interference and uses Wireless-N technology for more robust speed and range.

#### Connect Easily

Can be installed wirelessly by using the set-up CD or by pushing the built-in WPS button. The Wi-Fi

Protected Setup™ button can be used to connect the extender to your wireless network first and after that to connect other devices to the network.\*\*

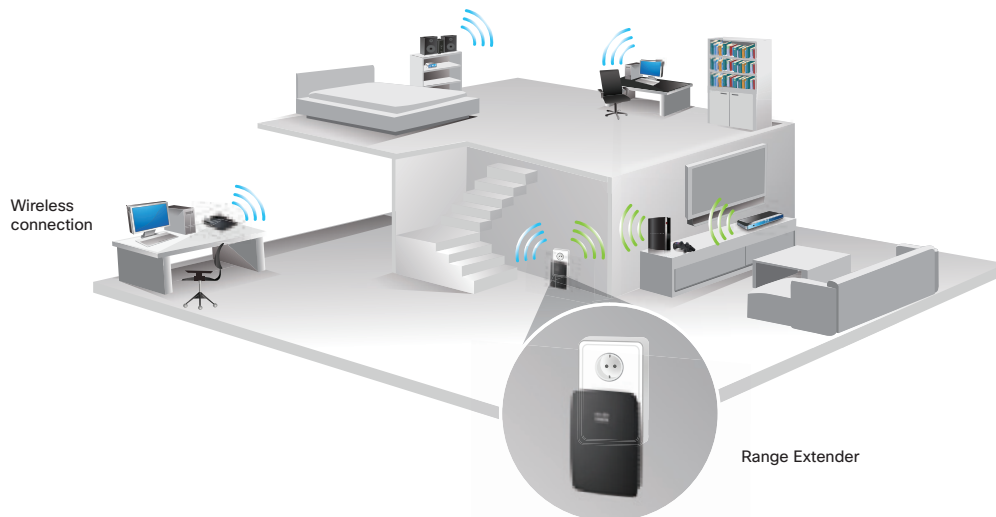

# Dual-Band Wireless-N Range Extender RE2000

## Hardware:

Enclosure Dimensions:  
125 x 91 x 65 mm  
Weight: 573 g  
Colour: Black  
Packaging Dimensions:  
158 x 238 x 82 mm

Technology	Wireless-N
Bands	2.4 GHz or 5GHz
Transmit/receive	2 x 2 OR 2 x 2
Antennas	2 internal
Ports	1 x 10/100 Mbps
Power Switch	Power on and off switch
Wi-Fi Protected Setup	Wi-Fi Protected Setup
LEDS	Power Wireless Link/Activity WPS
Setup	Setup software CD or WPS
Warranty	2 year Warranty
OS compatibility	Windows, Mac

Wireless	IEEE 802.11 a/b/g/n
	Selectable dual band 2.4 GHz & 5GHz
	WEP/WPA/WPA2-Mixed, WPA2-Personal, WPA2-Enterprise
	Wi-Fi Protected Setup
IPv6 support	Yes, native
Minimum system requirements	<ul style="list-style-type: none"> <li>PC: Wi-Fi enabled with CD or DVD drive, Windows XP SP3, Windows Vista SP1 or later, Windows 7, or Windows 8</li> <li>MAC: Wi-Fi enabled with CD or DVD drive, OS X Leopard 10.5.8 or later, Snow Leopard 10.6.1 or later, Lion 10.7 or Mountain Lion 10.8</li> </ul>
Package contents	<ul style="list-style-type: none"> <li>Linksys RE2000 Selectable Dual-Band Wireless-N Range Extender</li> <li>CD-ROM with setup software and resources</li> <li>AC power cord for table or desktop placement</li> <li>AC power connector cover</li> <li>Ethernet cable</li> </ul>

## The Linksys Accessories

-  **Linksys Adapter**  
Upgrade your devices to the latest wireless technology
-  **Linksys Range Extender**  
Increase your existing wireless coverage
-  **Linksys Media Connector**  
Connect your wired devices to a wireless network
-  **Linksys Powerline Kit**  
Expand Internet coverage with your home electricity sockets
-  **Linksys Switch**  
Add additional wired devices to your network

\*Maximum performance derived from IEEE Standard 802.11 specifications. Actual performance can vary, including lower wireless network capacity, data throughput rate, range and coverage. Performance depends on many factors, conditions and variables, including distance from the access point, volume of network traffic, building materials and construction, operating system used, mix of wireless products used, interference and other adverse conditions.

\*\*Secure push-button setup works with devices that support Wi-Fi Protected Setup™ like Linksys E-Series routers and others.
